

COVID-19 GUIDANCE FROM NOVEMBER 2022

As COVID-19 is still circulating (and currently increasing) in the community – and as many of us are in the “vulnerable” category – the Church Council recommends the following for people attending our premises:

- Stay at home if you are unwell
- If you have a positive COVID test, inform people with whom you have recently been in contact
- Keep 1.5m away from others while on the premises
- Wear a mask if you cannot keep 1.5m away – or if you prefer to do so
- Use hand sanitiser on arrival and regularly at other times.

Church Council will continue:

- To have the windows and doors open to improve ventilation
- To use an Offering bowl in the foyer and also encourage electronic giving
- To provide hand sanitiser for attendees
- To serve Communion in a COVID-safe way
- To ensure the premises are cleaned appropriately
- To monitor the situation and update advice as necessary.
